## **Certificate of Conformity and Proof of Origin for Hofmann Megaplan Tyre Changers and Wheel Balancers**

As a market leader in high performance, premium quality wheel service equipment, we take great pride in the manufacturing and reliability of our products. Only the best materials and suppliers are used to ensure a product that lives up to the undoubted reputation we have rightfully earned.

Therefore, we hereby confirm that our range of tyre changers and wheel balancers, namely megamount™ and megaspin™ models, are manufactured using only components of German & Italian origin, and assembled in a professional environment in our Italian manufacturing facilities.

We are confident that this policy, whilst maybe costing that little bit more, ensures your total satisfaction, and guarantees your long relationship with Hofmann Megaplan and our products.
